VICTORY FOR PULLMAN. Judge Baker Decides Against Attorney-General Moloney, of Illinois.

CHICAGO, June 1 .- Several months ago Attorney-general Moloney began quo warranto proceedings against the Pullman Palace Car Company for the purpose of taking away the company's charter and terminating its corporate existence. In his information the Attorney-general set up that the car company had violated its charter by buying in real estate and building the town of Pullman, by erecting and operating the Pullman building in this city, by manufacturing brick and in other ways. The case | Goar and Roach. has been pending in the courts ever since. It was elaborately argued some time ago and Judge Baker handed down his decision to-day. The decision was favorable to the company in all points but one. The court held that the company had the right to own the Pullman building, the brickyard land and to sell liquor on cars, but had no right to own Pullman iron and steel stock. No judgment was entered against the company. It is understood that the company will accept the finding of the court in the matter of the stock in the iron and steel company and will at once dispose of it. Judge Baker's opinion is a long and exhaustive one, fully considering each of the usurpations charged and discussing the law applicable to them. He lays down that under its implied powers the company had full authority to do all it was claimed that it had done, except as to the stock in the small subsidiary company. As to the fun-damental question of the right of the company to build and own the town of Pullman for the purposes for which it was built and owned, the position of the company was fully sustained in every particular. The decision is regarded by the Pullman officials as a very important victory for the company and complete justification of its action in the establishment and own-

ership of the well-known town which bears Incidentally Judge Baker held that the company exceeded the power granted by its charter in buying twenty-three acres of land which it has not used in its business. The company, however, had, and has, the right, Judge Baker decided, to construct the big office building at Adams street and Michigan avenue, to sell liquor to its patrons in dining cars, to supply water and gas to its tenants in the town of Pullman. to build houses and rent them to its employes, to erect churches and school buildngs in Pullman and to own land for switching and car storage purposes. The ruling of the court does not affect the company to any material extent. The interests touched are said to be worth not more than \$50,000. which is an insignificant sum to a corporation with \$36,000,000 capital and \$25,000,000 surplus. The decision is, in effect, a declaration that a corporation may engage in any business which may be considered an advantageous or necessary adjunct to the ss specifically set out in its charter without violating the law or exceeding its

Supreme Court. If that tribunal sustains Judge Baker the company will go on with its tusiress undisturbed and with its methods of business practically unchanged by the suit of the Attorney-general. The Burnet House Closed.

The "Brewers" were full of life from the start, while the Hoosiers seemed to think they couldn't win. 1 oung Armstrong made his first appearance in the box for a whole game for Milwaukee, and Indianapolis could do nothing to speak of with his pitching: He was wild at times, and it was due principally to bases on balls that the visitors got two of their three runs. Cross pitched an indifferent game, and the support given him was at times poor. This was especially true of Newell, who allowed some hits to go safe he might at least have blocked down

had he made the proper effort. Milwaukee started the scoring by getting in one in the first on bases on balls to Klopf, Twitchell and McCauley and a single singles by Long and Bolan and an error by McCarthy. FIRST MONTH'S RESULT.

Indianapolis Better than the Cham-

pions a Year Ago-The Trip. The first month of the Western League season closes with Indianapolis well in the lead for the pennant. Motz's men have headed the procession for two weeks, and from the way they have been playing it is likely they will maintain their position through the Western trip. Their lead in the race is better than that of Sioux City a year ago. The latter team up to June 3 last year had won nineteen game; and lost eight, giving it a percentage of .704. Kansas City was next with .655, so that Indianapolis has thus far done better than the club which captured the pennant last season. Now that all the Western League teams have been seen here there is no longer room for doubt that Indianapolis is the strongest of the eight. The Kansas City club more hearly approaches Indianapolis in all-around playing strength than any of the rest. Should Enteljorg turn out all right or should Manager Wackins secure a third good pitcher to help out Cross and Fisher, the championship question may be regarded as already settled. A year ago Indianapolis was struggling along sixth in the race with a percentage of .387. It is pleasant to contemplate the difference this

To-day and to-morrow the club plays at Milwaukee, Tuesday, Wednesday and Thursday at Karsas City, Saturday, Monday and Wednesday (June 8, 10 and 12) at St. Paul, and Sunday, Tuesday and Thursday (June 9, 11 and 13) at Minneapolis. On June 15 and 16 Indianapolis plays at Toledo, then here with the same club for three days, then to Grand Rapids and Detroit for a series of three games each, then home for three weeks. Of the thirteen games to be played before returning home Indianapolis an reasonably be expected to win eight. This will bring the team home in its pres ent position unless Grand Rapids and Minneapolis have a world of luck. Since May 25 Minneapolis has dropped from second place to third, changing posi-tions with Grand Rapids; Kansas City has exchanged fifth place for sixth with Milvaukee, the relative standing of the other

EASY FOR CLIFFORD

CLUB MEMBERS' HANDICAP WON BY THE SON OF BRAMBLE.

Big Rolls of Good St. Louis Money Money Carried Away by Chicago and Cincinnati Sports.

ST. LOUIS, June 1.- The Chicago contingent, headed by Napoleon Ives and Rose's Cincinnati friends, wno came over to play the great Clifford in to-day's Club Members' handicap, have money in every pocket and by Weaver, and another in the second on | credit at the tavern. They made a "killing" that will be memorable. The bookies took money in rolls at even figures on Clifford, base on balls to Weaver, hits by Twitchell, while the St. Louis and Southern people pinned their faith to Faraday. Libertine had many friends, likewise the erratic Sumo. In fact, every horse in the race cargan, singles by McCarthy and Roat and a | ried a good sum of money both straight and double by Motz. In the seventh a base on | place, attracted by faith in the chances of winning or by the long odds. It was said Armstrong and Klopf scored three and | that the owner of Faraday had \$25,000 swelled Milwaukee's score to nine runs. In | placed here and elsewhere on his horse, and bases on balls to Gettinger and Gienalvin | ford, had as much as \$20,000 up. About 22,000 people witnessed the great event. When the bell rang the first in the pa-

rade was Clifford, with Chorn as the rider;

next came Faraday, with Turner up, and

then Libertine, with Macklin up; Prince Carl, with Bergen; Henry Young, with A. Clayton, and Sumo last, with Garner. Slowly the horses walked down the track until they went by the bettting stand and broke and cantered to the three-quarters pole for the start. Books were made long before the usual time, and Clifford was posted an even-money favorite, with the great gray horse, Faraday, a strong second choice, at 3 to 2. Henry Young was 8 to 1, and the others 10 and 12. When the regular betting began Clifford opened at 4 to 5, and his price fluctuated between that and even. Faraday opened and closed at 2 to 1, and his price never changed. The opening and his price never changed. The opening and closing in the others were: Henry Young, 8; Libertine, 12 and 15; Prince Carl, 12 and 16; Sumo, 20 and 30. Most of the money went in on Clifford, but all around the ring were hundreds of betters whose faith was in the gray horse, and they could not be steered off. No matter how much went in on him the bookies stood by the For five minutes the horses were at the post, and after only one breakaway they got off with Faraday in front and Sumo Carl, Clifford, Libertine and Henry Young in the order named. Passing the stand Libertine had taken command and was one and one-half length in front of Faraday, who was the same in front of Young. Clifford was in the second division. Libertine cut out a hot pace, and at the quarter was four lengths in front of Faraday and Young, Clifford with Sumo and Carl in the order named. Libertine was only two lengths ahead at the half, and began to show signs of distress. Faraday and Young were close up and Clifford next and running easily Faraday took command at the three-quarter pole, and Clifford had moved into third place a length behind Libertine, and this was the position when they entered the stretch, with Henry Young beaten off. Up the stretch they thundered, and Clifford was given his head. The great son of Bramble responded nobly and never had either whip or spur. He landed four lengths in front of Prince Carl, who beat Faraday one length for the place. When Clifford returned to the judge's stand and Chorn raised his hand to salute the officers and received permission to dismount, the good horse was cheered again and again, and then Chorn was called to the stand and placed within an immense floral horseshoe. Tremont Stakes Won by Handspring.

NEW YORK, June 1 .- Sweltering heat

drove a large crowd to the Gravesend track to-day. It was the kind of weather for fast time and every race was run in close to record time. The greatest interest was centered in the Tremont stakes, valued at \$10,000, for it was the first time this year two-year-olds were asked to go the full six furlongs. Applegate was the favorite in spite of the fact that he was asked to give away a lot of weight. He was in second place at the start. Axiom made a splendid race for half a mile, her time at that distance being 48%, but could not keep the pace to the finish. Applegate made a push for first place, but was headed by Handspring and Refugee, the two latter finishing but a short head apart. Keenan, the choice for the Boulevard handicap, won it by three parts of a length from Bright Phoebus. The others were not factors in the race. Lazzarone was the first choice in the opening race at odds on, but could not seem to get in motion and was unplaced, Patrician winning. TWO OF THE OPEN EVENTS WON BY CABANNE, THE ST. LOUIS CRACK.

Mile Handicap Taken By Con Baker-Crooked Riders in the Chicago Road Race to Be Punished.

Special to the Indianapolis Journal. TRENTON, N. J., June 1.-At the close of the Mercer county wheelmen's races of the National Circuit, held in this city today, it was given out to the press that Manager Shaffer, for Walter Sanger, and Willis B. Troy, manager for Charles Murphy, had met and concluded arrangements for three one-mile races, all to be run on June 29, at either Brooklyn or Philadelphia, for a \$500 trophy, to be paid for by the loser. This, of course, is with the provision that Chairman Gideon, of the L. A. W. racing The races were well attended, but a large

crowd was prevented by a thunderstorm which came up just as people were wending their way towards the track. The rain made the track slow and sticky, but did | twenty miles for \$1,000 and the championnot prevent good contests. Sanger and Titus appear i at the track in street clothes, but did not ride. It had been their intention to escape attendance at this meet, but the local committee would not have it that way and promised to use drastic measures unless they appeared. Both came down from New York and by their appearance obeyed the letter of the law. Charlie Murphy had been entered by one of his firm without authority, and Manager Troy appeared at the track to fix

up the matter, which he did. Both open events were taken by Cabanne with his lightning sprint in the last twenty yards, thus making a total of four open events for the St. Louis crack this week, and five of the six which he has started this season. The mile open was a pretty event, Cabanne pacing three-quarters of the distance, Madlox passed him at the quarter pole and had apparently a safe lead on the stretch, when Cabanne shot forward and won by a few nches. Miller paced the first third of the half mile open, which Cabanne won handily One of the greatest wins of the day was that of Con Baker, of Columbus, who, from eighty yards, took the mile handicap in 2:11, just beating Maddox as the tape was crossed. Both men fought hard all the way down the stretch. In the team race, which had twelve starters, the flying start was tried, and this large field was sent away without a break at the first attempt. Church, of Philadelphia, lost the half-mile open race, Class A, being disqualified for fouling Goodman, of the Riverside wheel-

men, on the home stretch. The mile State championship went to Ray Dawson, New York, and Hand, of Plainfield, N. took the half-mile championship. There was a rumor at the track to-day that Chairman Gideon would next week B men in the country. The suspension of these men means professional racing, to a certainty before the close of the month. The Pennsylvania Bicycle Club, of Phila-elphia, will give three professional events their race meet, at Tioga track, June 29. Three races in each of the two amateur classes will also be given. To-day's sum-Mile open, Class B-Cabanne won; Maddox second; Steenson third. Time, 2:25.

FRAUDS ON WHEELS. Referee Sheridan Talks About the

Chicago Road Race. CHICAGO, June 1.- The findings in the cases of the young men who practiced fraud and deceit in the great bicycle road race on Decoration day will not be known till Monday, but it is known that a large number of them stand a good chance of being

in addition to being expelled from the clubs to which they belong and boycotted by their cycling friends. Referee Sheridan said, to-day, that the truth had not been told about the disgraceful doings of twenty or thirty starters in twenty who will be forced to make very clear explanations to avoid being summarily dealt with. The judges and the associated cycling clubs will hold a consultation with the referee on Monday night, for the purpose of taking action and arranging all the affidavits so far filed in order. "I have some affidavits," said Mr. Sheridan to-day, "but I do not care to give them out for publication, because it is my desire that as many of these fellows as have sense shall come forward and acknowledge their fault. If any man comes to me and confesses that he did not cover the course, I shall let his confession plead for him and shall not punish him; but those who do not might as well look forward to being pretty severely handled. I shall inflict punishment to the limit of my power in every case, and, as it so happens that there is really no limit at all upon the power vested in the referee, I am in a position to be rather severe on the wrongioers. The work of these fellows was a disgrace of the most shameful kind and has done incalculable injury to the sport of road racing. I will disqualify every man for taking part in any road race for at

STRATTON'S LUCK.

An Ex-Hoosier Makes a Pile, Only to Be Bothered by "Widows."

NEW YORK, June 1 .- A dispatch to the World from Cripple Creek, Col., says: "Stratton's luck" has become proverbial in this camp, but his latest streak hardly can be considered lucky. Just now he has two mature widows to deal with, both of whom are said to be willing to share his enormous fortune. Papers were filed in Colorado Springs yesterday by Denver attorneys, in which Mrs. Candace Root, a boarding-house keeper, of this camp, sues him for betrayal and breach of promise, placing the damages at \$200,000. This action comes just at the time when Mrs. Clough, of Lowell, Mass., is a guest at Stratton's home in Colorado Springs, which fact is a possible explanation of the suit. W. S. Stratton, a poor carpenter from New Albany, Ind., traveled about the West seeking employment several years ago, and finally landed in Dakota without a copper.

There he made the acquaintance of widow Clough, who, with her daughter, was visiting in that State. A friendship sprung up. which resulted in the tender of a loan of \$1,000 from Mrs. Clough to Stratton, who accepted it. Stratton spent it in prospecting for wealth in the mines, with no better success than before. He passed several years in Colorado so poor he could not even pay the interest upon the loan. Meanwhile the Cloughs had returned to Lowell. Finally Stratton's luck turned. He discamp, which in the last year has made him the richest mine owner in Colorado. Besides this he has made other strikes almost as rich. While developing the Independence property and before he realized how rich he was, Stratton boarded with Mrs. Candace Mrs. Root asserts that he proposed for her hand in marriage, and that she can prove it. Recently Stratton sent the owell widow a draft for the \$1,000 with nterest to date, and accompanying it was \$1,000 present to the daughter and an invitation to both to visit him at his home in olorado Springs, over which Mrs. Cobb. Mrs. Clough arrived in due time, and Stratton took great delight in showing her all the scenic beauties of the Pike's Peak

egion. While on a morning drive the orses ran away with the preclous guests, and for the prompt efforts of the coachman in controlling the team and rescuing his friends from danger Stratton gave that employe a check for \$1,000. It is understood that Stratton wants to marry the Massachusetts widow immediately and make a tour of Europe, rumors to which effect caused the Cripple Creek board-Mrs. Clough had for several years been matron of an academy at Tilton, N. H.
